English

'Spirituality is the bitter-sweet yearning for beauty, truth, love and wonder beyond ourselves. It is a longing we pursue together and a treasure we glimpse in ourselves and one another and seek beyond us into eternity. It is life in all its fullness.'

Nebula Spirituality Statement

This document is intended to give you an overview of how English is taught at Frettenham Primary School. Within it, you will see subject plans for the following:

Power of Reading Overview	This element of the subject curriculum plan outlines the texts that have been chosen across each class and across our rolling plan. You will see – where appropriate – that these texts link to other areas of the curriculum to fully immerse the children in their English learning journey.
Writing	Through the Power of Reading, the children are exposed to a wide variety of texts and have an abundance of writing opportunities. This section of the document shows which writing genres are met within each text, and which we have chosen to be a focused task, encouraging the children to deepen their understanding and combine their different writing skills to create a full and extended piece of writing. By working in this way, the children write at length for a range of purposes, as well as being able to apply their learning to incidental pieces within other texts, other terms or other areas of the curriculum.
Reading	In EYFS and KS1, the children at Frettenham Primary School read phonics-focused books on a 1:1 and small-group basis. This helps the teacher to establish an understanding of the children’s reading abilities and interests. In Class 1, reading is taught through daily phonic lessons, 1:1 reading and in small groups; whole class story time is planned for daily where pupils practise further comprehension and develop a love of reading. Once confident decoders, children from Year 2 onwards move to whole class reading, based on Ashley Booth’s Reading Curriculum, supported by other resources. We use extracts to give the children a greater exposure to different text types, which in turn gives the children ideas for their own reading for pleasure. Where possible, whole texts are shared in class libraries or are available in the school library, should a child wish to explore a shared text further.
Key Stage 2 Spellings	Across Key Stage 2, Spellings are taught weekly using the Spelling Shed resource. Children focus on a given objective across a fortnight to fully embed their learning and ensure they understand the taught rule. The children participate in a range of tasks to cement their understanding, including cloze activities, online games, grammar-based activities, and sentence-based work.
Grammar	The teaching of Grammar at Frettenham Primary School takes place in a variety of ways: in discrete grammar lessons, through Spellings/Phonics and embedded within our English lessons. By following the long-term plan within this document, we ensure the children revisit a range of skills from across their schooling, as well as giving ample opportunities for new learning to take place. Teachers work to ensure there is a transfer of skills relating to grammar, so the children know that grammar underpins their writing and reading.
Assessment	The children are continuously assessed within lessons to ensure they are making progress. In addition to formative assessments, we undertake summative assessments each term. This takes the form of a standardised age-appropriate test for Reading, Grammar and Spelling, and a separate writing task which is mirrored across the Harnser schools and across year groups. Through regular staff meetings, professional discussion and moderation, we ensure writing is accurately assessed and identify any additional support needed, to interweave this into the wider teaching of English. Using Question, Level Analysis (QLA) of the summative assessments we do, staff get a better understanding of the children’s strengths, as well as their areas of development. This allows us to target interventions to meet the children’s needs and to ensure whole-class teaching addresses any misconceptions early on.
